

# Heathrow Shared Apprenticeship Scheme Awards, 2021

## Heathrow Employment & Skills Academy

Here at the Heathrow Shared Apprenticeship Scheme, we ensure that all of the hard work, dedication and commitment shown by our apprentices throughout the year is recognised.

Therefore, the Heathrow Shared Apprenticeship Scheme 2021 Awards is in place to reward these individual apprentices. Whether it be their performance in college or on site.

Congratulations to all the winners and compliments to the contractors who have guided them to success throughout this year.

## Lewis Wright - Wingate Electrical Plc Apprentice of the Year 2021

"I have enjoyed completing my apprenticeship with Heathrow Academy and want to thank the team for awarding me Apprentice of the Year. I have recently been taken on as an employee by my host employer - Wingate Electrical. This is all thanks to Heathrow Academy giving me the opportunity to work with Wingate via the Heathrow Shared Apprenticeship Scheme. It is a great scheme that gives individuals an exciting opportunity to achieve their chosen qualification across Heathrow/London with the help from a supportive team."

Lewis Wright,  
Former Electrical Installation Apprentice

"Lewis settled into our team quickly and soon became a valued member. He has continued to work hard and develop his skills on site, with clients and in our office. Following his completed apprenticeship at K10, we have offered Lewis direct employment with Wingate which he has accepted. I'm confident he will further develop to his benefit and ours. Well done K10!"

Jason Graham,  
Projects Manager, Wingate Plc

## Freemantle Electrical Mechanical & Building Solutions Employer of the Year 2021

Freemantle have been huge supporters of the Heathrow Shared Apprenticeship Scheme and have continued to keep their cohort of apprentices working through an extremely challenging time. Additionally, they have supported apprentices who have lost their work placements elsewhere in the supply chain and have taken one of their completed apprentices on a permanent contract. It's tremendous to see an employer so enthusiastic about the scheme. We look forward to collaborating with them in the years to come.

"Freemantle were delighted to win the "Employer of the Year" award. It has been a pleasure supporting the Academy and K10 Apprentices and we look forward to continuing to support the Apprenticeship programme over the coming year. The Apprentices working at Freemantle have all given 100% in this very challenging year and they have all managed to grow and continue their professional development. We have since employed one apprentice on a permanent contract and expect to employ the others once they complete their apprenticeships. It is fantastic that HAL supports the Apprenticeship programme which enables us to support and employ skills and talent from the local community."

Elizabeth Freemantle,  
Director, Freemantle Electrical Mechanical & Building Solutions

## Mitchell Lambourne - Heathrow Airport: Training and Learning Team Best College Performer 2021

"Over the past year, I've thoroughly enjoyed and found that I have fit in perfectly within Heathrow's procurement services department. Like most development journeys, there have been tough points and high points but with the support from my manager, colleagues, classmates and K10 I have progressed effectively. A massive thanks to you all.

I cannot recommend enough the Apprenticeship schemes provided at Heathrow."

Mitchell Lambourne,  
Quantity Surveying Apprentice
